READY FOR ACTION.

Gold Democrats Organize their Indianapolis Convention.

THE DELEGATES NUMBER 824.

Forty-One States and Three Territories Represented—After Temporary Organization Adjournment Taken to Await the Action of the Various Committees—An Immense Massmeeting in the Evening.

INDIANAPOLIS, Sept. 3.—Forty-one states and three territories, represented by 824 delegates, met yesterday in Tomlinson hall as the climax of a six-weeks campaign to repudiate the action of the Chicago convention and put forth a declaration of principles and name a presidential ticket. Senator Palmer, who called the body to order, termed it the first convention of the National Democratic party, while others referred to it as the Democracy which held its last convention in 1892.

Admission to the hall was confined strictly to ticket holders. As a result many people were denied admittance. Inside every seat in the space reserved on the floor for the delegates and alternates was taken and the galleries, except on the upper balcony in the rear of the hall, where the band was located, were comfortably well filled without being crowded, while the chairs in the rear of the platform, reserved for the distinguished guests, were nearly all occupied.

The decorations were brilliant and lavish. There was a profusion of flags and bunting, trailing smilax, Spanish moss and potted flowers, but the most noticeable feature was the prevalence of gilt, symbolical of the spirit of the convention. Gold wreaths were everywhere in the decorations and half the delegates wore sprays of golden rod in the lapels of their coats. There was an unusually large number of ladies in the galleries and in the chairs back of the stage, their bright gowns and hats heightening the general effect of the scene. Most of them were from a distance, but some of the most prominent ladies of Indianapolis were present.

Hanging high over the platform was the United States coat of arms, with the eagle done in gold. To the right of this were likenesses of Jefferson, Jackson and ex-Senator McDonald, and to the left pictures of Cleveland, Hendricks and Tilden. The appearance of the hall was, on the whole, attractive. There was much applause as various prominent Democrats entered the hall and took their seats with their delegations.

Senator Palmer, who had taken a seat on the stage as provisional chairman, rose and called the convention to order. He said: "The gavel will be in my hands, gentlemen, but a moment. We are assembled here for high, noble, patriotic purposes. Our earnest thought is to serve our country. (Applause.) And in the sincerity of that purpose we may appeal to the judge of all hearts."

Rev. John Hazen White, Episcopal bishop of the diocese of Indiana, then advanced to the platform, and while the audience reverently rose delivered the opening prayer.

The call for the convention was then read. When the name of Cleveland was read in the call, in connection with the names of Jefferson and Jackson, the members of the convention arose and cheered.

The next business in order was declared to be the call of the states in order to ascertain who were present. Most of them reported full delegations. Montana reported a unanimous delegation of one. New York was called amid great cheering, and reported present 72 delegates and 72 alternates.

Ohio was cheered when its name was called. A full delegation for gold was reported. Utah failed to respond.

Wisconsin reported a full delegation. "All Democrats," the chairman said. At this there were cheers. The call complete shows that 41 states are represented. Territories were then called. Delegates from several answered. In all 824 delegates were found to be present.

The report of the executive committee was read, and it was agreed that the convention be governed by the rules of the Democratic convention of 1892.

The announcement that ex-Governor Flower of New York had been chosen for temporary chairman was received with great cheering. When he was conducted to the chair all the delegates were on their feet.

Flower said in his speech: "I mistake the moral sense of the American people if the action of the Populists at Chicago, reinforced and emphasized by the action of the Populists at St. Louis, has not rekindled the spirit of American patriotism and awakened the American conscience to the national dangers which lurk in the forces and influences behind Bryan and Sewall or Bryan and Watson. The real issue in this campaign is an issue of patriotism."

"In many a presidential election has the fight waged fiercely between the advocates of different political doctrines, and the ruin of the country has been freely predicted if either set of doctrines was established as the policy of the government—such predictions being merely the extreme expression of party politics; but in this election the issues around which the battle is waging involve the integrity of our institutions and the sacredness of our national honor, and when men have stirred that deep well of sentiment, ordinary party differences disappear, the moral issue predominates, and all good citizens stand shoulder to shoulder against those who would defile the American name

and undermine the walls of her political structure.

"The revolutionary spirit which forced Bryan's nomination is manifest in his speeches now being delivered throughout the country. His conspicuous failure at Madison Square Garden to advance the cause of silver by close argument has induced him to abandon the weapons of the logician and statesman and to employ the arts of the orator. From the rear end of cars he has been flinging out social and political firebrands among the people. He appeals to the base instincts of the ignorant or to the misery of the distressed. He strives to array class against class, to incite employes against employer, to stir up debtor against creditor, to make this a contest of the poor against the rich. May God prevent this incendiary's work."

"In this broad land it has been our proud boast that the avenues of success have been open to all. The rich today were the poor of yesterday. No families of inherited wealth dominate our politics or our society. Before the law all men are equal. The same opportunities do not come to all men; some succeed, many fail, but no barrier to success or position is created by law. Industrial conditions may be affected by unwise laws, and when this is demonstrated we attempt to change them through the opportunity which every man has to register his vote at the polls. But though some men succeed and many fail this is the lot of life, and no candidate for the presidency has ever dared before to use this fact to arouse man against man and to kindle the fires of social discontent and disorder."

After the conclusion of ex-Governor Flower's speech the roll of the states was called for the appointment of delegates to committees. When this was finished the convention took a recess.

SECOND SESSION.

A Few Speeches Made and Adjournment For the Day Taken.

INDIANAPOLIS, Sept. 3.—It was 4:15 p. m. when Temporary Chairman Flower appeared on the platform to call the afternoon session of the convention to order. Both he and Senator Palmer also sat on the platform and were warmly greeted, and an enthusiastic Illinoisan called for three cheers for John M. Palmer, "the grand old man." They were given with effect. There were no demonstrations as other conspicuous men entered. The galleries were more crowded than at the first session and the proportion of ladies was fully as large.

At 4:25 ex-Governor Flower rapped for order. The reports of committees were called for. The report of the committee on credentials was first presented by Chairman Brennan of Wisconsin. The statement in the report that there were present 824 delegates to the convention, representing 41 states and three territories was heartily applauded.

The report of the committee on financial organization not being ready, Dr. Everett of Massachusetts was introduced to the convention by Temporary Chairman Flower. He was enthusiastically greeted and made a stirring speech.

Several other short speeches followed, and the convention adjourned.

There seems to be an almost unanimous sentiment in favor of General Buckner of Kentucky for vice president, but the contest for president is still open. Although General Bragg has been seemingly in the lead, powerful influences are at work to defeat him. His reception in the convention was a disappointment to his friends. It was not as enthusiastic as they thought it should be. A strong effort is being made to bring out Senator Palmer or John Black of Illinois, and Secretary Morton of Nebraska and David Lawler of Minnesota are enjoying incipient honors. Senator Palmer does not desire the nomination, and there is said to be a letter here from Secretary Morton declining to permit the use of his name. Were General Bragg not in the way Senator Vilas might be named, but he absolutely refuses to consider the question as long as General Bragg is in the field. Waterson's boom does not grow.

GOLD MASSMEETING.

Some of the Most Popular Orators in the Country Were Present.

INDIANAPOLIS, Sept. 3.—Although the Democratic convention proper held no session last night almost as much interest attaches to the convention centered upon the massmeeting held under the auspices of the organization at the convention hall. Some of the most popular orators in the country, who are delegates to the convention, were bidden to speak and their names drew a brilliant well-dressed audience, one which filled the galleries and the floor, and included a large portion of ladies. Many delegates were in their seats under the state guidons.

The speakers were late, so that the band filled the waiting time until half past 8, when J. McDowell Trimble of Kansas City called the meeting to order in place of Hon. W. D. Bynum, who was detained. The selection of himself, he said, was intended as a compliment to the Democrats of Missouri. He declared that the addresses to be delivered would become a part of the history of the republic. The convention was founding a new organization to maintain old doctrines, enlisting a new army to raise an old flag. "Not a lower standard of money but a higher standard of integrity and patriotism was needed," he said, and the government should neither aid nor encourage its citizens to pay one-half their debts in money and the other half in fiat legislation.

The chairman was ex-Congressman John R. Fellows of New York, and the speakers bidden were: Hon. Louis R.

Ehrich of Colorado, David W. Lawler of Minnesota, ex-Congressman W. C. P. Breckinridge of Kentucky, Edgar H. Farrar of Louisiana, Colonel Fellows, in his introductory speech, was in his customary eloquent vein, and was frequently cheered. The enthusiasm throughout his speech and the rest of the meeting was loud voiced and frequent in expression.

Difficulty in Selecting a Candidate.

INDIANAPOLIS, Sept. 3.—Nothing appears to beat Bragg. But the opposition is having difficulty in selecting a candidate. Vilas is out of the question as long as Bragg is in the field. The Illinois delegation has decided to support Palmer if he could be induced to allow the presentation of his name. Failing in that, it seems likely that General John C. Black will be put forward by the opposition to Bragg. If the Bragg opposition can be concentrated he will probably be beaten.

FAILED TO COMPROMISE.

A General Lockout Probable in the Window Glass Industry.

MUNCIE, Ind., Sept. 3.—There is a serious rupture between the window glass manufacturers and workmen over the wage question, and prospects for factories all over the country starting up before winter are gloomy. A lock-out is inevitable unless one or the other makes concessions, which is not likely for some time yet.

For the second time this season the wage committee met in Pittsburgh. The workmen demanded an increase of 8 per cent and the manufacturers insisted on a reduction of 10 per cent. Each side was firm, and, after a violent session, an adjournment was taken without an agreement having been reached or a time having been set for another conference.

The factories all over the country were to have been started last night, but the wrangle over the scale prevented it. T. F. Hart, manager of the Western Manufacturers' association, says he will see the factories stand idle and not before any advance is granted, while the workmen assert that they will starve rather than accept a reduction. A lockout means that 30 factories and 8,000 men in Indiana will be idle. Indiana manufacturers have a large stock on hand. Orders are light and they can well stand a lockout. The workmen are not very well fixed financially.

The World Did Not End.

NEW YORK, Sept. 3.—Rev. F. Stutzke and his small band of followers, who had expected the world to end yesterday, were disappointed when it did not, and Mr. Stutzke said he could not explain it, except that a miscalculation must have been made. He felt sure, he said, that the world would end inside of 60 days.

Five Thousand Perished.

CONSTANTINOPLE, Sept. 3.—Additional facts concerning the recent massacres are slowly coming to light. It is now estimated that 5,000 persons perished.

EARTHQUAKE IN JAPAN.

Several Towns Reported Destroyed and Many Lives Probably Lost.

YOKOHAMA, Sept. 3.—Much alarm is felt here over a meager report of a great earthquake which occurred in the northeast provinces of the main island of Japan on Monday evening. The town of Rokugo has been entirely destroyed and several other towns severely damaged. Many persons are reported to have been killed by the earthquake and a still larger number injured while a multitude have suffered severe losses by damage to property.

The provinces visited by the earthquake are the same as those devastated by the terrible earthquake and tidal wave of June 15 last, when a large number of towns were wiped out, and the estimated loss of life was 30,000. The provinces of Rekuzen and Rikuchu along the coast from the island of Kinkasan northward were the principal sufferers then. The recollection of the havoc to human life wrought by that convulsion causes grave anxiety as to what further reports may show of the results of Monday's earthquake.

On the same day a typhoon caused extensive damage in southern Japan.

Mine on Fire.

HURLEY, Wis., Sept. 3.—The Superior mine, about one mile west from Here, is burning. The fire was discovered coming out of shaft No. 1 and soon the shaft was completely burned out. The fire is supposed to be near the fourth level and spreading both ways. Volumes of smoke are coming up and there is no way to fight it except to cover all the openings and smother it which will take a month. The Superior mine ships the richest ore to be had here and is a valuable property, owned by the O'Danah Iron Mining company. The fire is supposed to have started from a candle of some careless miner or hot steam.

Not Packed, but Eaten Fresh.

WASHINGTON, Sept. 3.—According to United States Consul Johnson at Antwerp there is no truth in the story which so excited American meat packers, to the effect that broken down English omnibus horses are killed and packed at Antwerp as canned beef under American labels. The consul reports to the state department that he has made a careful inquiry and finds that while the English omnibus hacks do come to Antwerp in large numbers they are slaughtered and sold for fresh meat and are not packed.

Reward For Firebugs.

LAWRENCEBURG, Ky., Sept. 3.—Aroused by the incendiary outrages in this section, which ended in the death of the two Gray children Tuesday, the city council has offered a reward of \$250 for each arrest and conviction. An effort is being made to have the insurance companies unite with the city and offer an additional reward of \$500. If detectives catch the firebugs a lynching is sure to follow. The loss of the two lives of the Gray children has aroused citizens as never before.

Desperado Shot.

PIKEVILLE, Ky., Sept. 3.—In attempting to capture George O. Quinn, a Virginia desperado who had killed Everett Fowler in Russell county, Va., a week ago, the posse fired on him, killing him instantly. Quinn was surrounded by the posse and made a desperate fight before he was killed, emptying his revolver. Quinn shot Fowler through the head while the latter was hunting squirrels, killing him instantly.

THE G. A. R. PARADE

Nearly Forty Thousand Veterans Were in Line.

A GALA DAY FOR ST. PAUL.

It Took the Procession Three Hours and Five Minutes to Pass the Reviewing Stand—The Parade a Grand Success. Ladies of the G. A. R. Meet—Camp Fires Held.

ST. PAUL, Sept. 3.—Nearly 40,000 veterans tramped the streets of St. Paul for several hours yesterday, renewing the associations of their youth and feeling in their veins the martial spirit that animated them in the old days when they marched through the south as the victors over those whom they now honor as comrades in the new country that has grown up since the days when brother was arrayed against brother in bitter sectional strife.

The wind was an ideal one for marching, the warm rays of the sun being behind the clouds nearly all day and a slight breeze making the tramp much easier for those in line. The crowds had no fears of possible showers for they were here to see the Grand Army parade and proposed to see it even though it did rain. But the showers held off and everything went off according to program. Scidom has so large a parade come so near moving on time as did this. The first departments were directed to form at 9:30 o'clock and to be prepared to move one hour later. Not to exceed 15 minutes after the time set the commander-in-chief and staff moved south on Western avenue and the various divisions fell into line rapidly.

It was just 11:30 o'clock when the head of the parade reached the grand reviewing stand at Smith park and General Walker took his place on the platform and the first division, headed by the veteran signal corps, passed in review. It was 2:35 in the afternoon when the last post in the big eighth division, containing Minnesota's veterans, had passed and there was scarcely a noticeable break in the line, post following post and department coming after department in almost endless succession.

Altogether the parade was a grand success, and the old soldiers are talking over it proudly. The parade has been in their thoughts to such an extent that the politics of the encampment must take a back seat and wait for the business sessions to open. The candidates are still being urged by their friends, the leaders being Rear Admiral Meade, Major T. S. Clarkson and New Hampshire's candidate, Comrade Lineham. It seems to be dividing between the east and the west, and the fact that Buffalo will surely get the next encampment may affect the result, as the sections are somewhat jealous of the honors. There are other candidates and they will have strong support, but these are the leaders.

The other officers will depend to a considerable extent on the result for commander-in-chief, so that while the electioneering is going on at a fairly lively rate it is a minor affair to most of the delegates.

The Ladies of the G. A. R. met at 10 o'clock, the national president, Mrs. Catherine Hurst in the chair. The roll was called, and the officers and delegates responded. The national president made a short address. Committees were appointed and adjournment taken.

Last night campfires were held at the Auditorium and at the Market hall, and receptions for the various associated ladies' organizations in different parts of the city. At 10 o'clock the Loyal Legion, who have been keeping open house at the Ryan, held a reception in honor of the commander-in-chief at their headquarters. Last night's campfire speakers included Governor Upham of Wisconsin, Commander-in-chief Walker Department Commander Wm. Shakespear of Michigan, Captain M. J. O'Connor, Mrs. Myra C. Grinnell, Hon. William Ketcham, Hon. Robert D. Hill and others.

ONE HUNDRED FAMILIES HOMELESS.

Fire at Norfolk Destroys a Large Amount of Property.

NORFOLK, Sept. 3.—Fire broke out about 11:15 in the immense 5-story brick plow foundry and implement factory of S. R. White & Brother, 216 Water street. It was totally destroyed. In a very short space of time a number of buildings in the lane leading to Main street caught fire and the flames spread rapidly, consuming the entire block. The Union stock yard on the east side of Nebraska street, caught fire and was soon destroyed.

The flames from this building communicated with the row of houses adjoining the stockyard on the south and soon they were also burned.

One hundred families, white and colored, residing in the burned district, have been made homeless. The change in the wind is the only thing that saved the property of the Old Dominion Steamship company and that of the Clyde line.

The loss is estimated at \$200,000; insurance not known.

They were brought to Ripley and lodged in jail, and on Friday were tried before Mayor Bambach, who found them to be quite a tough gang, their home being at Maysville. After hearing the evidence his honor gave Fred Gilbert, Howard Bly, John Jenkins and Hughey Springer—four of the gang—ten days in the Cincinnati workhouse; and the other three, Jim Hesson, Robt. (Skinner) Smith and Sam Fitzgerald, ten days in jail. The party had taken Long's boat and rowed it below Dover, where they were captured."

Even the apparently cast iron traditional wedding customs are subject to slight ripples of change in these variety seeking days. At a London wedding not very long ago a younger sister of the bride gave her away in default of other relatives. It is also getting to be much in vogue to have no wedding reception immediately following the ceremony. The much more sensible plan of deferring it until the return of the young pair from their bridal trip has been observed in a number of instances. The reception then takes place at the bride's residence and is, in fact, merely the actual ceremony festivity postponed.

The big, hearty, healthy man is a continual irritation to his dyspeptic friend. Constipation is the root of nine-tenths of the sickness of men, and of a large proportion of the sickness of women. It can be cured easily, naturally and quickly. Nature is continually working as hard as she can to throw off impurities and to force out poisonous refuse matter. When there is an impediment, Dr. Pierce's Pleasant Pellets set the wheels working again without any trouble. They assist nature in a gentle, healthful, efficient way. There is nothing violent about their action, and it is just as certain as if it were twice as violent. "You do not become a slave to their use." They are different and better than any other pill for the cure of constipation, headache and kindred derangements. Almost all druggists understand this, and are conscientious enough to tell you so. The druggist who sells you a substitute is not a safe man from whom to buy medicine. Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.

STATE AUDITOR STONE is sending out a circular relative to the abuses that have been practiced in many counties in using the State's money for the support of persons who are neither lunatics nor idiots. He says such practices are prevalent in Jefferson County, where many persons, neither idiots nor lunatics, are yearly made a charge upon the State. He says that in a majority of these cases the persons are simply infirm from age, and committees are appointed to care for them, when, under the strict letter of the law, such persons would be committed to the almshouse. Auditor Stone has also ruled that hereafter all claims for lunatics must be made out at the fall term of this court, and that claims made out at any other time will not be honored by him. Where many lunatics are tried yearly and at all times of the year, the claims should not be sent in until the fall term of the court.

GERMANTOWN.

The district meeting of the Woman's Missionary Society of the Maysville District conference was held at the M. E. Church, South, Germantown, Saturday and Sunday, August 29th and 30th. Opening service Friday night August 28th. The meeting was called to order by Mrs. Durham. Devotional services conducted by Mrs. Given. Scriptural reading by Miss Bruce. Prayer by Mrs. Sadler.

At calling of the roll on Saturday morning the following responded: Maysville, Mrs. Sadler; Carlisle, Mrs. Metcalf; Flemingsburg, Jane Aitkin, Mrs. Given; Millersburg, no delegate but sent report; Mt. Carmel, Mrs. Glascock; Moorefield, Mrs. O. B. Wilson; Mt. Olivet, Mrs. S. Holmes; Fern Leaf, Mrs. Harriet Kirk; Germantown, Mrs. Robert Humlong; Vanceburg, Miss Bruce; Sardis, Miss L. Wood.

Committee appointed on resolutions—Mrs. T. L. Given, Mrs. Harriet Kirk, Mrs. Jane Aitkin, Mrs. Glascock, Mrs. Sadler.

Address of welcome for the Germantown Society by Mrs. T. B. Cook. Address of welcome for the town, by Prof. T. J. Currey. Address of welcome for the church by Rev. T. B. Cook.

The reports from the different societies were called for and the delegates gave in some way good reports of the work.

Miss Bruce, Mrs. Sadler, Mrs. Given and Mrs. Durham made some very interesting talks on the missionary work.

Rev. J. D. Reid, of Sardis, delivered a most excellent sermon on Sunday morning to a crowded house. It was one of the best missionary sermons that we ever heard.

On Saturday at noon the dinner, a most sumptuous repast, a thing for which the Germantown ladies are noted, was spread in the yard just west of the church. To say that it was elegant and substantial is to do but faint justice to it. While the delegates and visitors from the vicinity did the subject justice and showed their appreciation by the interest taken in it, also by the way they partook of the good things of this world. We can say that Germantown never does anything by halves.

On Sunday afternoon a children's mass meeting was held and a young people's missionary society was organized. Misses Jessie and Elizabeth Metcalf, of Carlisle, and Miss Mary C. Cook of this place recited some very nice pieces. On Sunday night several interesting addresses were made by Mrs. Given, Miss Bruce, Rev. Doran and Rev. Lee. A missionary collection was then taken up to which the large crowd present responded very liberally.

The next district meeting will be held at Flemingsburg, and we hope that they will have as good meetings at that place as we had here.

The following persons from a distance attended the meeting: Mrs. F. H. King, Mrs. Thomas L. Given, Mrs. Barksdale, Mrs. Jane Aitkin, Flemingsburg; Mrs. Thomas Glascock, Mrs. R. T. Marshall, Mt. Carmel; Mrs. S. Holmes, Moorefield, Mo.; Mrs. O. B. Wilson, Mrs. C. D. Durham, Moorefield, Ky.; Miss L. Wood, B. W. Wood and wife, Sardis; Miss Willa Burgoine, Washington; Mrs. Sallie Byar, Mrs. Nellie Boyd, Miss Annie Boyd, Minerva; Miss Nellie Jenkins, Mrs. Lizzie Kirk, Mrs. Sallie B. Kirk, Mrs. Retta Worthington, Mrs. Mary Worthington, Tuckahoe; Miss Annie Weaver, James W. Staton and wife, Miss Jennie Staton, Rev. Doran and wife, Rev. Lee, Brooksville; Miss Gertrude Staton,

Helena Station; Chas. Wallingford, James Wood and wife, A. M. Wood and wife, Fern Leaf; Miss Nora McDaniel, Miss Eva McDaniel, Ripley; Miss Amy Ray, Miss Tommie Ray, Mayslick.

Following is the report of the Committee on Resolutions:

WHEREAS, We have come to the close of this most enjoyable meeting of the Maysville District Woman's Foreign Missions with hearts swelling with devotion and love to the Giver of all good; be it therefore

Resolved, That we return our loving and grateful thanks to each and every one who has extended such generous hospitality and kindness to this body of delighted visitors. The careful consideration and forethought that so beautifully prepared the elegant and substantial dinner served in such proximity to the church enabling us to dispatch business was most highly appreciated.

We do sincerely appreciate the interest manifested in our work by the pastor of the church at Germantown, and his very cordial greeting. Also the untiring services of the sweet little pages, Agnes Coburn and Annie Armstrong. May the interest manifested by them take hold of their tender hearts and seal them for the cause of missions. Our heartfelt thanks are also due the choir for their appropriate and soul-stirring music. May their lovely voices in the sweet by and bye be attuned to the harps of the heavenly choir, is our prayer. Most especially would we thank Professor Curry for his most cordial welcome on behalf of the town and for his earnest and instructive object lesson which will certainly be remembered by all, and for his help as Recording Secretary. Our sincere thanks we extend to Brother Reid for his earnest and applicable sermon of the morning. We thank the kind friends for the beautiful flowers sent to adorn God's house as only the beautiful things of nature can do. We thank our Heavenly Father for the gift of his son, our Blessed Lord, for the delightful weather, for the renewal of friendship, for the preservation of health and His spirit's presence through the session of our district conference. May His choicest blessings be bestowed on the community. May every member of the Germantown M. E. Church, South, be a member of the missionary society, every child of the church a worker in the juvenile society and may we live to again enjoy their hospitality in another annual reunion, is our prayer.

A game of base ball was played at this place Saturday afternoon, August 29th, between the club at this place and the second nine of Maysville. The Maysville boys were never very dangerous at any stage of the game. The score was 20 to 2 in favor of the home club until the last half of the ninth inning and our boys put their side out before they had scored a run, but the umpire would not allow it, and our boys just played baby ball with them and made them a present of eight runs.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

NEW LABOR PROJECT

Uniformed Rank Knights of Labor to Be Formed.

FIRST REGIMENT IN CLEVELAND.

One Hundred and Forty Members Have Signed in the City Alone—Ohio Wool Growers in Session—Cleveland's Centennial—Grain Elevators Burned in Hamilton—Other State News.

CLEVELAND, Sept. 3.—The First regiment of the uniformed rank Knights of Labor will be formed in this city. Cleveland delegates to the Knights of Labor general assembly in 1893 urged the establishment of a uniform rank, but that body did not incorporate the idea in the general plan of the order. The matter was left optional, however, with the district assemblies.

The organization of a regiment of the uniform rank has long been under way in Cleveland, and 140 members have signed in the city and many more in the surrounding towns. What the uniform and style of arms, if any, will be, has not been decided upon. The Cleveland delegate to the next general assembly of the order which meets at Rochester in November, will urge that the uniform rank be given a constitutional place.

CLEVELAND'S CENTENNIAL.

Perry's Victory Day, the 10th, to Be the Closing Event.

CLEVELAND, Sept. 3.—The Cleveland centennial celebration will be brought to a close on the 10th inst., Perry's victory day. An elaborate program has been arranged for that occasion. Governor Bushnell will preside at the public exercises in the morning. The orator of the day will be Governor C. W. Lippitt of Rhode Island, and a poem will be read by Frederick Boyd Stevenson of Chicago. Major McKinley will also speak.

In the afternoon there will be a parade of regular troops and national guardsmen.

In the evening there will be a marine and pyrotechnic display on the lake front, in the form of a reproduction of the battle of Lake Erie.

OHIO WOOL GROWERS.

They Ask For the Restoration of the Duty on Wool.

COLUMBUS, O., Sept. 3.—At the meeting of the Ohio wool growers yesterday every county in the state was represented. Resolutions were adopted demanding the immediate restoration of wool to the duty list at figures of full adequate protection. Duties of 12 cents on combing wools, 15 cents on fine merino grades and 8 cents on carpet wools are favored.

The association declares that protection is of greater interest to the wool growers than the financial question and urges that the farmers demand that the various candidates for president, the senate and house of representatives be required to declare themselves on this subject.

Knights of Pythias.

CLEVELAND, Sept. 3.—The supreme lodge Knights of Pythias decided yesterday that the next meeting will be at Indianapolis on the fourth Tuesday in August, 1898. In 1893 a bank at Wilmington, Del., in which were the funds of the supreme lodge, failed. Various schemes to make good the loss have been discussed since then, and the matter was discussed yesterday and referred to the finance committee. It is generally accepted that the committee will recommend that whatever money can be realized from the sale of bonds shall be divided pro rata among those that suffered.

Grain Elevator Burned.

HAMILTON, O., Sept. 3.—Anderson & Shaffer's big grain elevator, containing 9,000 bushels of corn and 1,500 bushels of wheat, was totally destroyed by fire yesterday. The fire originated in the engine room and was quickly beyond control. Seven other houses took fire, but the flames were extinguished by the prompt work of firemen. H. C. Cass's stable adjoining was also burned. The total loss is about \$15,000, which is covered by \$9,000 insurance, \$6,000 of which is on the building.

GALLIPOLIS, O., Sept. 3.—William Davis narrowly escaped death at the epileptic hospital stone quarry. A rock weighing two tons fell 35 feet, striking his shoulder and crushing it.

BRYAN'S OHIO TOUR.

Speeches Made at Springfield, Kenton, Findlay and Toledo.

TOLEDO, Sept. 3.—William Jennings Bryan demonstrated again that it made no difference whether his voice was hoarse or not by making more speeches than he has for several days. He made long speeches at Springfield, Kenton and Findlay and last night made two more in this city.

The party left Columbus at 8:15 in the morning and arrived at Springfield at 10:30, where the nominee made a 20-minute talk. The next stop of any consequence was made at Kenton, where Mr. Bryan addressed 6,000 citizens of that county. The address was made in the park of the little city, and was well received. The crowd was made up mostly of farmers, who cheered the utterances of the three-time nominee.

There were short speeches made at Bowling Green and Walker and stops were made to allow Mr. Bryan to shake hands with the crowds at Cygent and Arlington where crowds of farmers were gathered. The train arrived in this city a little after 5 o'clock and Mr. Bryan was taken to the Boddy House.

Thirty thousand persons is a conservative estimate of the solid acres of humanity gathered in high school square later in the evening to hear Mr. Bryan deliver a campaign address. Forty thousand would probably be nearer the correct figures.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
